Personal note
I am loving serving the IBF Community in the Executive Team. I feel honored and privileged to work with the people in my team and other teams I work with. It is not a task I take lightly. I love that we can resolve any conflicts in a mature way without holding back our feelings. It is beautiful. I feel that we (ET) can improve our co-operation and communication with the IC. I also feel that we, as the Task Force, need to give each other more recognition for the work that we all do to improve morale and motivation. Sometimes it is easy to see the lack or the flaws, but we are all volunteers, and we should remember to appreciate the work that we all do to keep this organisation and community alive. Perhaps something for next year!
